

WHAT THE
HELL IS
THAT!?

The armour's
in good condition.
I assume he
burnt to
death...

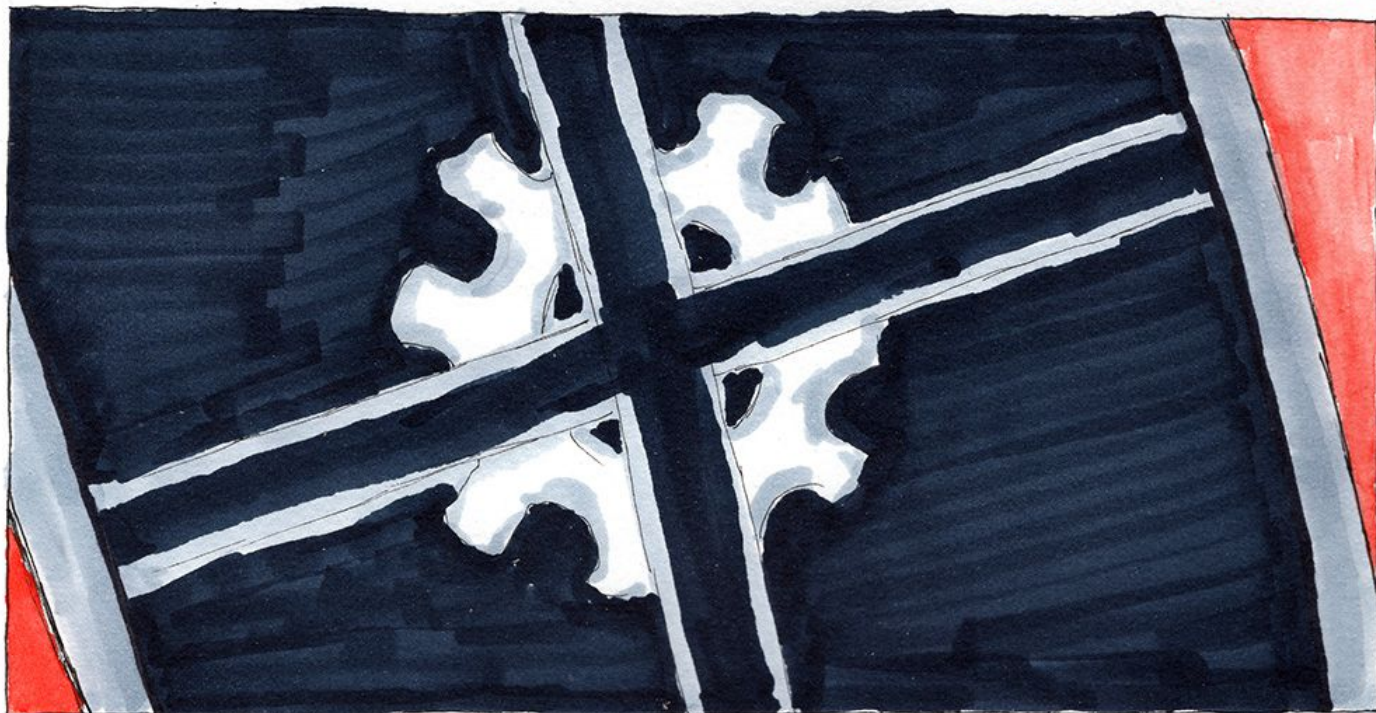

Nothing special
on him...
food, books,
diamond armour...

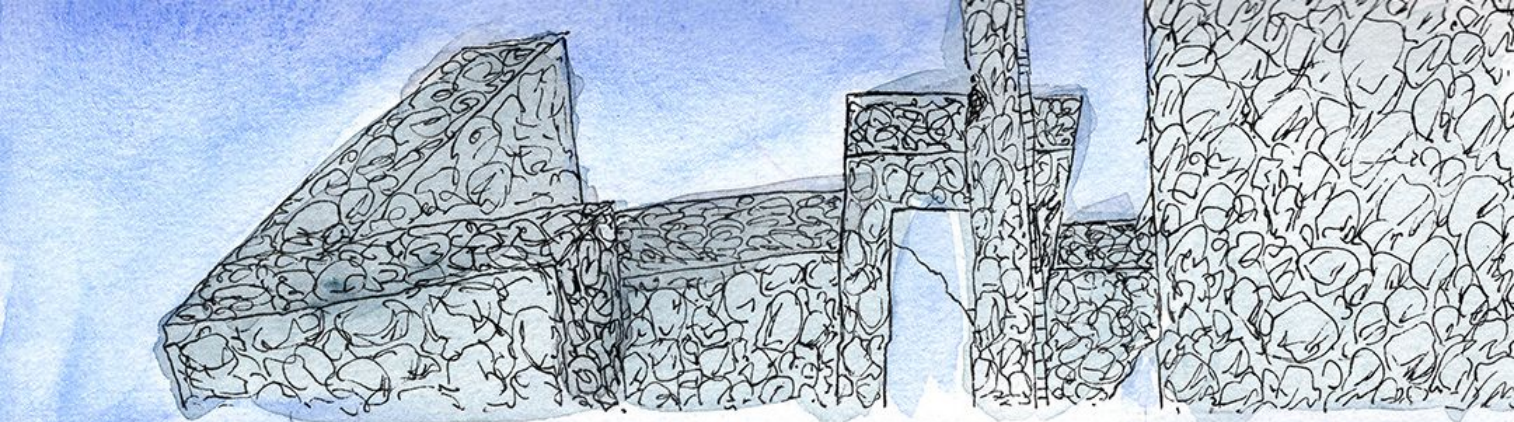

What's this,
a shield?

Wonder
if it
means
anything?

Less than
10 000 blocks and
there's tall
grass?

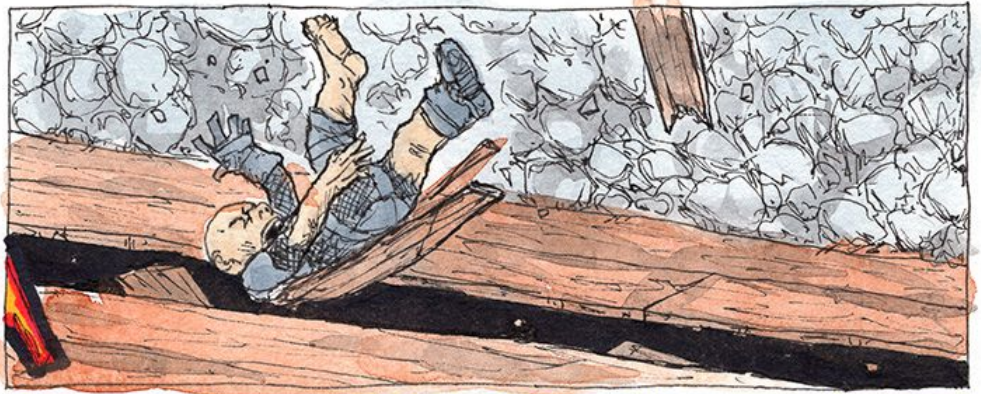

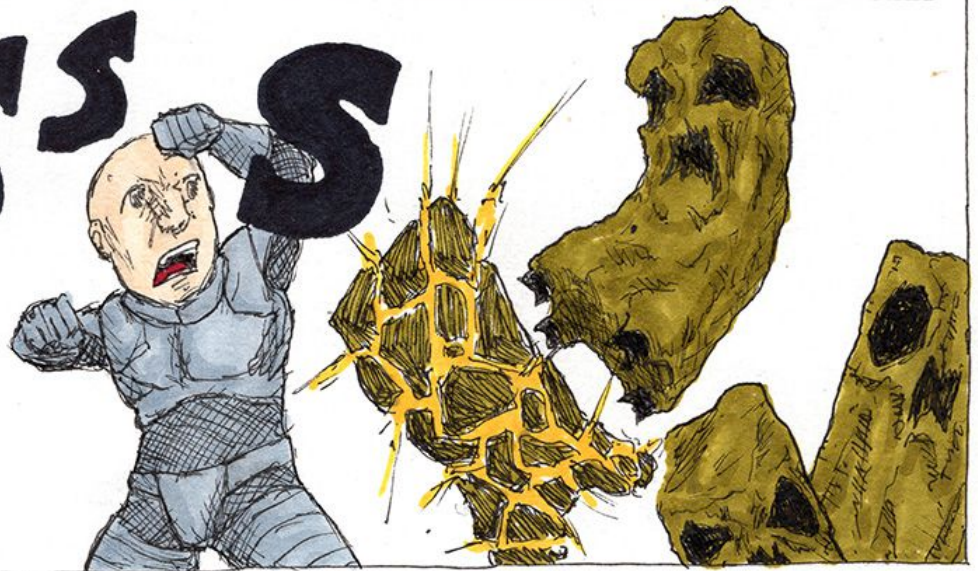

Surrounded by water,
Seems safe enough to build.

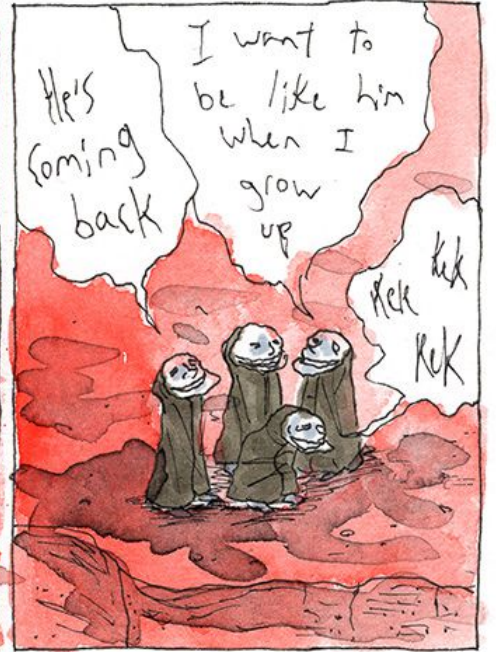

Heh...
getting a
little carried
away.

A cow...

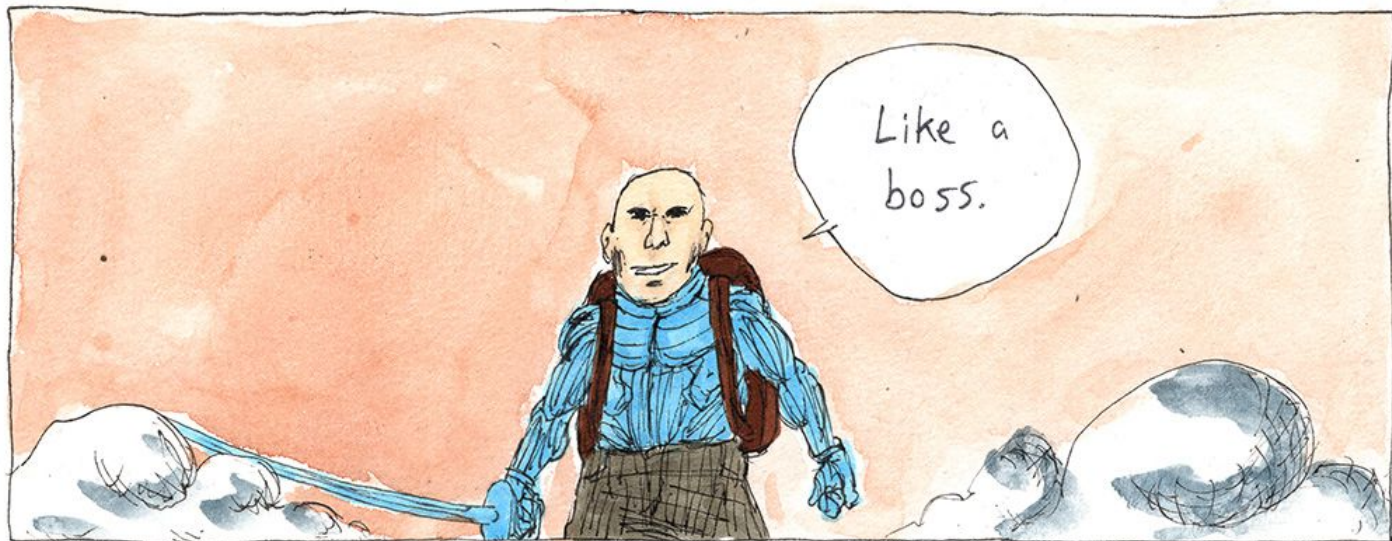

I haven't seen another living creature in a long time.

We might be all that's left of this world.

"Ruins of Wrath
Covered in black
a shroud of grey
Along your back"

"Your walls dark
As the void
'Tis such a shame
You're destroyed"

"Heartless made
Heartless came
Heartless went
And made it lame"

"You came to us
In our plight
Now you stand
A beacon of light"
